Dear Readers,

Thank you for giving me an opportunity to share my thoughts and perspective. Over the past several months, we have seen life from a very different lens. An alphabet "C" has been used more often than any other, let it be for "Change", "Cure", "Challenge", "Cleanliness", "Curfew" or "Corona", the list is endless.

This propelled me to think in multiple directions and after thorough introspection and as a student of spirituality, an acronym popped up in my mind "POSE" -:

- Pillar Of Self-Excellence
- Pillar Of Social-Excellence
- Pillar Of Sustainable-Excellence

Let's dive into various pillars and introspect on it:

- **Learning is eternal**: In this ever changing world, only one thing remains constant, that is "Change". In order to counter the ever changing phenomenon, it is imperative for us to continuously learn, improvise and evolve. Many a times it so happens when people are in comfort zone and don't want to adapt new changes, unfortunately they are being changed. This is applicable of business, individuals, governments etc.
- Striking a right balance: It is critical for us to strike a balance between our Wealth and Health vitals. Basis my research, interactions with doctors and reading various articles on internet, it is observed that in the past decade, the imbalance has grown exponentially. This is adding stress, both socially and economically. On the other side, right balance helps one develops right attitude and meaningful life
- **True purpose of life**: What is the true purpose of life? Quite often this becomes very subjective and a question of debate, however it has always baffled me. Mostly, people either give very materialistic answer, other want to dodge it, as they don't find it practical. To me, this is the most relevant and practical question. One needs to know the very purpose of

COVID-19!

STAY HOME

his/her existence. Fortunately, I have come across a wise man, who has helped carmwork me unearth the answer - spiritual evolution is the true purpose of life.

This common goal is extremely critical for the sustainability and evolution of human beings, else, it would be difficult for us to survive

On this note, I wish each of a Healthy, Wealthy and Progressive life.

Stay safe and healthy....

Keep smiling©.

## Cyber Security

#### 1. In Brief:

It seems like it's been much longer than one year ago since we last did our taxes, but somehow, it's here again; Tax season. Let's start out by acknowledging that this past year, fiscally, is fundamentally different from other tax years before it. The introduction of Stimulus payments from the government in the past year has added a new dimension to our taxes, and a potential increase of vulnerability to hackers and cyber criminals alike.

This is a period of time where extra vigilance and caution is needed while online and conducting business, especially avoiding any kind of online activity that could jeopardize your identity and finances. There are some important best practices and red flags to keep in mind while navigating through this season, and hopefully you'll

feel a little bit more secure with the knowledge that you haven't fallen victim to a cyber scheme!

#### 2. Scams to be look out:-

- a. An email, link, or phone call requesting personal and/or financial information, such as your name, social security number, bank or credit card account numbers, or any security-related information.
- b. Receipt of a notice that states your IRS account has been accessed or disabled when you haven't accessed the account.
- c. Emails advertising bigger tax refunds, or that have incorrect spelling, grammar, or odd phrasing throughout.
- d. Emails that tell a story and entice you to open a link or attachment. Sometimes they will say they've noticed suspicious activity, claim there is a problem with your account, or want you to click on a link to make a payment. These links often contain malware that is used to infect your computer and retrieve your personal information.

#### 3. Stimulus-specific scams:-

- a. Scammers have been mailing out fraudulent checks that appear to be sent from the government, and will request that money be sent back due to For more information, visit: IRS | Taxpayer Guide to Identity Theft IRS | Report Phishing ITS | Identity Theftan "over-payment." Always call your bank to verify a check is legitimate, and if you receive a request to return a portion of a check, report this immediately to your bank.
- b. Robo-call check scams are commonly reported. The caller will be asking for personal and/or financial information and try to convince you that this information is necessary in order for the check to be deposited. In reality, the government already has your information on file from when you completed your taxes. You will either get your stimulus check and tax refund in the mail or they will be directly deposited to your account.
- c. Carefully Select the Sites You Visit: Do not visit a site that doesn't end in ".gov". No nongovernmental website is distributing stimulus checks.

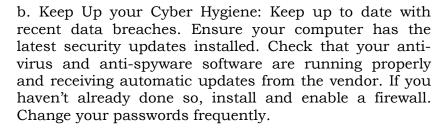

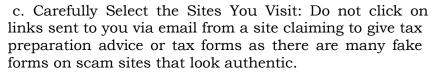

#### 4. How to avoid being a victim:-

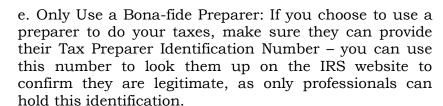

a. Never Send Sensitive Information in an Email: If there is any doubt that communication is coming from a suspicious source, don't reply to any email requesting personal information.

f. Be Aware of IRS Typical Practices: The IRS will not contact you via email, text messaging, or your social network, nor does it advertise on websites. Starting in 2021, the IRS has created IP PINS available for all taxpayers. These PINS provide the IRS additional verification and security at

the time of filing. You can log on to get an IP PIN tool offered by the IRS at https://www.irs.gov/identitytheft-fraud-scams/get-an-identity-protection-pin/.

e. If you receive a tax-related phishing or suspicious email at work, report it according to your organization's cyber security policy. If you receive a similar email on your personal account, the IRS encourages you to forward the original suspicious email (with headers or as an attachment) to its phishing@irs.gov email account, or to call the IRS at 800-908-4490. More information about tax scams is available on the IRS website and in the IRS Dirty Dozen list.

#### 5. Conclusion:-

Currently we are moving ahead towards technology and due work from home culture, usage of Internet, virtual mode give the hackers a viable option to hacker with a plenty of time. We must to precautionary while using Technology and safeguards our systems by use of Firewalls and Antivirus software.

## Legal Updates on Recent Verdicts-Brief Note

The Author is **CA Arpit Agarwal** He can be reached at info@aasquareadvisors.in

## 1.In Brief:

This article being Gist of recent important verdicts by Honorable Apex Court, High Court and ITAT on various laws during the month of **April 2021**.

## 2. Verdicts - Apex Court :-

S. No.	Verdict	Relevant	In Brief
		Section	
1.	DCIT vs. Pepsi Foods Ltd	254(2A)	S. 254(2A) Stay by ITAT: Since the object of the 3rd proviso to s. 254(2A) is the automatic vacation of a stay that has been granted on the completion of 365 days, whether or not the assessee is responsible for the delay caused in hearing the appeal, such object being itself discriminatory, is liable to be struck down as violating Article 14 of the Constitution of India. Also, the said proviso would result in the automatic vacation of a stay upon the expiry of 365 days even if the Appellate Tribunal could not take up the appeal in time for no fault of the assessee. Further, vacation of stay in favour of the revenue would ensue even if the revenue is itself responsible for the delay in hearing the appeal. In this sense, the said proviso is also manifestly arbitrary being a provision which is capricious, irrational and disproportionate so far as the assessee is concerned. Consequently, the third proviso to s. 254(2A) will now be read without the word "even" and the words "is not" after the words "delay in disposing of the appeal". Any order of stay shall stand vacated after the expiry of the period or periods mentioned in the Section only if the delay in disposing of the appeal is attributable to the assessee.
2.	In Re: Expeditious Trial Of Cases Under Section 138 Of N.I. Act 1881.	Instrument	Courts are inundated with complaints filed under Section 138 of the Negotiable Instruments Act, 1881. The cases are not being decided within a reasonable period and remain pending for a number of years. This gargantuan pendency of complaints filed under s. 138 of the Act has had an adverse effect in disposal of other criminal cases. Concerned with the large number of cases pending at various levels, a Larger Bench of the Supreme Court has examined the reasons for the delay in disposal of the cases. The Bench has issued important directions which will expedite the hearing and disposal of the cases
3.	Asset Reconstruction Company (India) Limited	18 of Limitation Act,	Under S. 18 an acknowledgement of liability signed by the party against whom the right is claimed gives rise to a fresh period of limitation. Under Explanation (b) to the Section the word 'signed' means signed either

## 3. Verdicts - High Court :-

	•		
S. No.	Verdict	Relevant Section	In Brief
1.	Sadruddin Tejani vs. ITO (Bombay High Court)		The DTVSV Act, 2020 is an Act to provide for resolution of disputed tax and matters connected therewith or incidental thereto. The emphasis is on disputed tax and not on disputed income. From a plain reading of the provisions of the DTVSV Act, 2020 and the Rules set out above, it emerges that the Designated Authority would have to issue Form 3 as referred to in section 5(1) specifying the amount payable in accordance with section 3 of the DTVSV Act. In the case of the declarant who is an eligible appellant not falling under section 4(6) nor within the exceptions in section 9 of the DTVSV Act, 2020, which fact appears to be undisputed
2.	Teleperformance Global Services Private Limited vs. ACIT (Bombay High Court)	147, 148	Article 226/ s. 147: (i) A Writ Petition can be filed in the Bombay High Court against an order passed in Delhi if the assessee is based in Mumbai. The litigant has the right to go to 'a Court' where part of cause of action arises. (ii) A s. 148 notice & s. 147 reassessment order passed against an amalgamated (non-existing) company is without jurisdiction. The defect cannot be treated as procedural defect. Mere participation of the assessee in the assessment

#### 4. Verdict - ITAT :-

S. No.	Verdict	Relevant Section	In Brief
1.	Maria Fernandes Cheryl vs. ITO (ITAT Mumbai)	50C	S. 50C: The 3rd Proviso to s. 50C, inserted by the Finance Act 2018, provides that s. 50C will not apply if the difference between the stamp duty valuation and the actual consideration does not exceed 5%. This tolerance band was increased to 10% by the Finance Act 2020. Though the amendments are stated to be prospective, they are curative in nature and must be held to relate back to the date when Section 50C was inserted, i.e. 1st April 2003. Accordingly, if the valuation of a property, for the purpose of stamp duty valuation, is 10% more than the stated sale consideration, the stated sale consideration will be accepted at the face value and the anti-avoidance provisions under section 50C will not be invoked
2.	DCIT vs. Ozone India Ltd (ITAT Ahmedabad)	56(2)(viib)	S. 56(2) (viib): The object of s. 56(2)(viib) is to tax excessive share premium received unjustifiably by private companies on issue of shares without carrying underlying value. However, shares issued to shareholders of an amalgamating company in terms of a scheme of amalgamation does not fall within the sweep of the deeming provisions of s. 56(2) (viib). The so-called excess value of assets vested on amalgamation cannot be notionally termed as premium over the face value for the purposes of the deeming provision (AS-14 issued by the ICAI & CBDT Circular No 3/2012 dated 12-6-2012 referred)

#### 5. Conclusion :-

To conclude, we should always focus/be in touch with regular Amendments/Case Laws from Apex Court, High Courts and Tribunal. This will help us in understanding the Law better and guide us how to interpret the Law before Judiciary.

Keep Updating!!!
